Subject: Shepherd Field

Hi Roger,

I am a Site Assessment Manager and am becoming involved with the Shepherd Field site in Martinsburg, WV. You may remember me from the PFAS meeting the other day. I am contacting you to get some information about the involvement that the Water program has had with the site and the nearby public wells. Specifically, has the Air National Guard sampled exclusively for PFAS or have they sampled for other constituents as well? Please feel free to call if that is easier.

Thank you,

Justin Bleiler
